EXPRESS Small Business Set-Aside Determination Process

- Request for Information (RFI) responses collected by Contracting Officer (KO), who along with the technical advisor (TA) will analyze the information
- The KO and TA will create a spreadsheet with their RFI analysis on all respondents who are interested in bidding. For small business vendors only -
 - The analysis will support the following:
 - The type of work was performed by a small business before
 - There are at least three potential small business bidders
 - The bidder can perform at least 50% of the work (or their small business teaming arrangement partner(s))
 - Ensure small business vendor addresses their and the projected team members' experience in performing similar work

UNCLASSIFIED

If the KO and TA answers YES to all questions, the KO

UNCLASSIFIED

D

EXPRESS Small Business Set-Aside Determination Process

- If the KO and TA cannot make a determination, they will ask for analysis assistance by AMCOM Office of Small Business Programs (OSBP)
 - In support of the KO, the AMCOM OSBP will
 - Review procurement history
 - Review complexity of performance work statement
 - Review the extent of small business participation performed on previous task orders and who bid on previous task orders
 - Analysis RFI responses to see if the small business (or its partners) will perform at least 50% of the work
 - Review Small Business RFI responses with intent to propose

If the OSBP analysis finds that there are at least three small businesses capable of performing at least 50% of the work and there is high confidence that these three small businesses will propose at a fair and reasonable price, the OSBP will recommend to the KO and TA to set the procurement aside for small businesses.

Re-Compete Team Discussion Items

Compliance

- The Government will evaluate Technical Expertise based on how well the quotation demonstrates a clear understanding of the requirements and deliverables, and on the Offeror's expressed ability to successfully perform. It is imperative that the offerors respond to all of the critical elements of the PWS as defined in the evaluation criteria of each individual TORFQ.
- The Government will evaluate the Risk Mitigation and Management approach to assess completeness, feasibility, and how well it addresses the details of the PWS.
- The Government will use price analysis to determine the overall price reasonableness. The government will also assess the price quotation for realism.

Fair Evaluations

- The evaluation team rates each offeror's quote strictly against the evaluation criteria and not against other quotes. Contracting and Legal are present at all consensus meetings to ensure offerors are treated equitably and all evaluations are conducted in accordance with the TORFQ and evaluation criteria. The best value decision is conducted by the Contracting Officer and reviewed by Legal.

UNCLASSIFIED

D

Re-Compete Team Discussion Items

Effect on the Schedule

- Use of the new evaluation criteria has resulted in much faster evaluations (average of 9.5 days vs. months using the old criteria). In addition, Contracting and Legal are present for all consensus meetings, ensuring the evaluators are on track from the first evaluation and reducing the timeframe for reviews after evaluations are completed.

Industry Questions

- Questions from industry during the TORFQ Q&A period are critical to ensuring the requirements are clear and well understood by the contractors. They also highlight potential areas of improvement to the government.

Recent questions include:

- Total Labor Hours/Labor Mix
- BOEs
- Base TD

UNCLASSIFIED

Protests

- **ACC-RSA, Enterprise Service Solutions, Division A has received 3 protests as a result of TORFQ awards (only 1 is based on new evaluation criteria).**
- **A stop work order has been issued on all three awards. Once the protests have been resolved, the stop work order will be lifted.**
- **Two of the three protests are expected to be resolved by 31 October 2016. The other protest is expected to be resolved by 30 November 2016.**

UPCOMING COMPETITIONS AND COMMUNICATIONS

We have had numerous requests for opportunities to meet with the customers or hold industry days for upcoming requirements.

We are planning on holding Industry Days for the larger more complex acquisitions.

A Q&A forum/process is also being discussed as a way to satisfy this industry need.

EVERGREENING THE EXPRESS PROGRAM

- **The EXPRESS Program is a group of multiple award BPAs established within the "evergreen" aspects of the General Services Administration (GSA) schedules.**
- **Taking advantage of this “evergreen” potential represents the best value to the Government.**
- **An Acquisition Strategy is being staffed to DASA(S) for approval to make EXPRESS “evergreen”.**

UNCLASSIFIED

D

UNCLASSIFIED

D

EXPRESS EVERGREEN STRATEGY

Transition Plan

- **Transition to Evergreen based on incorporating current mission requirements into the PWS**
- **NO OFF-RAMPING based on the transition to Evergreen**
- **Evergreen BPAs will be issued to ALL current BPA holders based on the evergreen PWS**
- **It will be necessary to maintain both old and replacement BPAs until the old BPAs can be phased out (due to numerous active task orders).**

UNCLASSIFIED

D

UNCLASSIFIED

D

EXPRESS EVERGREEN Transition Plan STRATEGY

- The transition to evergreen will be accomplished using a staggered approach
- Technical Domain will be transitioned first
- Logistics Domain will be transitioned second
- Programmatic and Business and Analytical will be combined into one PWS/Domain and will be transitioned

UNCLASSIFIED

D

UNCLASSIFIED
D

EXPRESS EVERGREEN STRATEGY

- **Due to a 2013 SBA Rule it will be necessary to update the NAICS codes for the EXPRESS program**
- **The SBA rule requires that the NAICS assigned match the PWS for the BPA and also individual task orders**
- **This will affect the size status of numerous contractors on EXPRESS**
- **Currently researching if we can add back “Small Business Reserve”**

Direct Awards

UNCLASSIFIED

EXPRESS EVERGREEN STRATEGY

OFF-RAMPS

- **Large Business Award Term - Three years**
- **Small Business Award Term - Five years**
- **At the end of each Award Term period the quality of work, timeliness, and competitiveness of a BPA holder will be assessed against award term criteria for renewal**
- **If a company does not win a task order within its award term period or fails to provide satisfactory services based on the award term criteria its BPA may not be**

UNCLASSIFIED
D

EXPRESS EVERGREEN STRATEGY

- **ON-RAMPS**
- **Evergreen will be reviewed annually to determine if additional BPA holders should be added to existing domains or to add new domains.**
- **It is anticipated that small businesses will need to be added on a regular basis. Each domain should have no less than three small businesses at any given time for small business set-asides.**
- **It will be necessary to do an On-Ramp immediately upon transition to Evergreen to add small businesses.**

UNCLASSIFIED

D

EXPRESS EVERGREEN STRATEGY

- **CONTRACTOR TEAMING ARRANGEMENTS (CTAs)**
- **GSA allows CTAs to be structured in a way that all members of a team are considered prime contractors and allowed to compete for task orders. Team members are required to have their own GSA Schedule. The Government has privity of contract with all team members since they are considered prime contractors.**
- **This will allow ALL team members the opportunity to win awards as a prime contractor.**

ADVANCE QUESTIONS

- **Question: When will ACC-RSA publish a listing of upcoming procurements identifying the customer and POCs?**
- **Answer: The ACC-RSA public website has that information posted under the name “Anticipated Awards Spreadsheet”. The website is as follows:**

<http://acc.army.mil/contractingcenters/acc-rsa/>

Question: Will the Government consider having no active TORFQs from 12/25-16 - 1/1/2017?

UNCLASSIFIED

UNCLASSIFIED

ADVANCE QUESTIONS

- **Question: What is the nature of the internal reviews that are causing the UH-60 Programmatic due date to push to the right?**
- **Answer: Internal policy reviews must be conducted and approval given prior to release of the TORFQ. Policy review is estimated to occur in early November.**
- **Question: The timeline for obtaining interim clearances continues to increase, to the point that we are frequently waiting 90 days or more for new hires to be cleared. Since and interim clearance is required for all AMCOM EXPRESS tasks, this impacts the lead time on hiring new personnel. Is ACC able to provide any guidance/assistance in expediting the interim clearance process?**
- **Answer: We'll pass that concern to the security office, but unfortunately there is nothing ACC-B can**

UNCLASSIFIED
D

ADVANCE QUESTIONS

- **Question: When customers have multi-year projects that they want to fund under a TI with multi-year funds, why are they limited to a Period of Performance of only 12 months on the CLIN? Will ACC consider allowing longer PoPs for multi-year projects/funds? A longer initial PoP would reflect the intent of the work and reduce the administrative work of extending the PoP later on.**
- **Answer: Severable services are limited to 12 months. If a task is a non-severable task with a single or unified outcome it can continue until completed. (continued on**

UNCLASSIFIED

D

ADVANCE QUESTIONS

- **Non-Severable Service Definition** is defined as a service that produces a single or unified outcome, product, or report that cannot be subdivided for separate performance in different fiscal years. **The Government must fund non-severable services with dollars available for obligation at the time the contract is executed.** Contract performance may cross fiscal years and work may continue until completed (more than one year)
